

Woocommerce algusest

Paigaldamine ja algne seadistamine

Vali töölaua menüüst **Pluginad** valik **Lisa uus**. Otsingulahtris otsi **võtmesõna** järgi **woocommerce**. Otsingutulemuste hulgas näed pluginad Woocommerce. Ilmselt näed tulemusi rohkem, kuid meid huvitab lihtsalt WooCommerce. Ülejäänud tulemused viitavad paljudele WooCommerce enda laiendustele.

The screenshot shows the WordPress dashboard's 'Pluginad' (Plugins) section. The search bar contains 'woocommerce' and the search results are filtered to show 7,324 elements. Two plugins are visible:
